In addition, between formal negotiation sessions, this agreement may be altered, changed, added to, deleted from or modified at any time in the same manner as this agreement.

   3. On the workday/plan days no meetings will be held and teachers shall have sixty minutes (60) for lunch. The previous sentence shall not be interpreted in such a way as to prevent teachers from voluntarily consulting with each other.

C. At the elementary level, a building vote shall be held in August with the majority vote deciding when students will enter the classroom prior to the official start time. On the last student attendance day of each week with the exception of the last day of school, the duty day shall end at the same time as student classroom instruction provided the teacher’s area is secured and all assigned duties are completed. In the case of an emergency the teacher’s area must be secure and the buses must have departed for the duty day to end. Compensation for such time may be accomplished by releasing the faculty for an equal amount of time on a specific date as part of the calendar approved by the Board.

6. The date of parent-teacher conferences and orientation sessions, and where applicable the date of release times, will be established in the spring of the prior year or no later than the first ten days of the current school year. The times established for second semester parent-teacher conferences may be adjusted within the first ten (10) days of the second semester by majority vote of the faculty. The Board may, however, at any time, change the manner and time of holding parent-teacher conferences, but only as to future conferences for which it has not previously given its approval. Upon the written request of either party, a joint committee of teachers and administrators shall be appointed by the Superintendent to revise guidelines for the implementation of conference scheduling and parent orientation.

4. The supervisor may require licensed staff to perform additional duties as may be assigned within the duty day.
F. Meetings

1. The supervisor may require licensed staff to attend one meeting per week for 45 minutes outside of student contact time. Morning meetings will end 15 minutes prior to student contact time. After school meetings will begin 15 minutes after student contact time. If teachers are required to attend a meeting beyond this 45 minute meeting period, they shall be compensated at the rate of $13.00 per hour with fractions of hours to be prorated to the nearest one-fourth hour. The supervisor may extend one meeting per month for an additional 15 minutes with one week notice to staff.

2. An IEP meeting is a legally required meeting set at a time of the parents’ convenience. General education classroom teachers are required to attend and it is considered part of their classroom duties. 7. Except in case of emergency or within the provisions described in the paragraph above, no mandatory meetings will be called by principals during teacher planning time.

G. Lunch Period Duties: The Board agrees to provide at least thirty (30) minutes of consecutive time, generally coincident with but not necessarily equal to the student lunch period including recess time, free of assigned duties each day for instructional teachers, except for deviation in case of emergency as determined by the building principal. This time shall not be used for meetings or parent conferences without the consent of the teacher. Similarly, non-instructional teachers will be provided at least thirty (30) minutes of consecutive time, free of assigned duties, the time to be scheduled by the building principal or appropriate administrator.

H. Planning Time

Principals may designate time and focus for collaborative planning within the guidelines of the agreement. Teachers may agree to participate in collaborative planning whenever time is available beyond that. Collaborative planning is defined as when teachers consult with one another or plan together for student progress, for improved delivery of instruction, or develop curriculum related to their teaching assignment. This does not preclude administrators from attending the collaborative meeting.
1. **Elementary teachers** shall be provided within the student contact day no less than 300 minutes of planning time during each week in which there are five (5) student contact days. During weeks with fewer than 5 student contact days, the teacher’s plan time will be prorated.
   a. Principals may designate the time and focus, which will not exceed 45 minutes of collaborative plan one day per week during weeks of 4 or 5 student contact days. Upon completion of team work the teacher may use the remainder of the time for individual plan. This does not include weeks with designated Professional Development days.

   b. Elementary planning time will also be scheduled using six (6) 8 hour planning days.

2. **Early Childhood teachers** shall be provided no less than 200 minutes of planning time based on a week in which there are four (4) student contact days.

3. **Middle school teachers** shall have five class periods per week for planning time and five class period periods per week for collaborative planning time. Upon completion of team work the teacher may use the remainder of the time for individual plan.

4. **High School teachers** will have no less than one class period per day for planning with the following exceptions: Middle School and High School teachers may use up to two (2) professional development days for late start days at the building level. Four late start days will substitute for each such professional development day. On those late start days, students will report to school 80 minutes later than the regular starting time. Middle School and High School classes will be in regular session on the day(s) when the rest of the district is having professional development and middle school and high school staffs will observe the normal professional day. The professional development date’s affected and specific dates for late start will be identified collaboratively by the school improvement teams at the high school and two middle schools with the approval of the high school and middle school principals. Those dates will be established no later than two weeks before the end of the prior school year.

5. An equal number of designated duty days for staff development (or the equivalent as described in this contract) will be scheduled at the elementary, middle and high school level.

6. At the High School, on any given day, but no more than 10 per year, the principal may designate a portion of the existing plan time for teachers to be used for school improvement activities, provided that no teacher will be required to lose more than one half the regular allotted planning time. This schedule change may be implemented on short notice for activities that are critical or essential to school improvement.

7. In the event that an elementary or secondary teacher agrees to use a portion of his or her planning time to teach the class of another teacher, and make up planning time is not provided within five working days, the teacher will be paid at the rate of $18.50 per hour, measured to the nearest quarter hour.

8. At all levels, planning time is a part of the professional day and applies to itinerant staff also. Teachers are encouraged to plan collaboratively during designated plan time.

I. During the professional day, teachers are expected to be at their assigned place of duty. If it is necessary to be away from the place of duty, teachers must inform their supervisor so that the teacher may be contacted in case of an emergency.

J. Each year the date of a full designated August teacher workday will be determined by the building leadership team.

K. One professional development day will be a flexible professional development day. District guidelines will be followed in developing the plan for the flexible professional development day. Plans will be sent to the PDC by September 1 of each year. Hours are to be completed and submitted for PDC validation by the May PDC deadline.
   1. Flexible In-Service hours will be a total of 7 hours, 6 hours of flex and 1 hour self-directed.
ARTICLE IV – GRIEVANCE PROCEDURE

1. A grievance means an alleged violation of a specific article or section of this agreement.
2. A grievant shall mean a person or persons who have alleged a grievance under this agreement. The grievant may choose to be accompanied by not more than five persons, unless a larger number of persons is agreeable to both parties, who may speak on behalf of the grievant if requested to do so, at any step of the following procedure.
3. Internal Arbitration Panel shall be comprised of eight (8) voting member employees and including one (1) Board of Education member appointed by the Board President. Three (3) members shall be selected by the Superintendent with Board of Education President approval. Four (4) members shall be selected by the Association President with the approval by the Board of Director’s Executive Committee. The Board President and the Association President will jointly agree on a panel member to serve as chairperson.

B. Miscellaneous Provisions
1. The purpose of the process is to settle quickly any alleged violations of the agreement. Therefore, the days listed above are considered the maximum time allowed. Time limits may be extended by mutual agreement.
2. If the school year ends prior to the settling of the grievance, then the days shall be those days when the district office is open for business.
3. Failure of the administrator/supervisor to present a written decision within the time allotted at Level One will advance the grievance to the next level.
4. Grievances may be filed at the level appropriate for the requested remedy, but only with prior approval of the Superintendent or his or her designee. If an issue has already been discussed by all involved, with the Superintendent’s permission, the procedure may begin with Level Three.
5. No reprisals of any kind will be taken by any person or entity against any participants in the grievance procedure by reason of such participation. The burden of establishing reprisals shall be on the person alleging that such has occurred.
6. The employee may be represented in all stages of the grievance procedure by himself or herself or, by a person of his or her own choosing. If an employee is not represented by the Association, the Association shall have the right to be present and to state its view at all stages of the grievance procedure.

C. Procedure: Any teacher may present a grievance. Decisions must be made consistent with the terms of this agreement.
1. Level One
   a. All teacher grievances of any kind will be discussed initially with the immediately involved administrator or supervisor. If such discussion does not satisfactorily resolve the matter and the teacher feels that he or she has a grievance under the terms of this agreement as above provided and desires to formally present such grievance for consideration, he or she may do so.
2. Level Two
   a. Within twenty (20) days of the time an alleged incident constituting a grievance occurs, or the time when a teacher first becomes aware of the claimed grievance (or reasonably should have been aware of the claimed grievance) the grievant may present his or her grievance in writing on the grievance report form signed by the grievant and delivered in person to the immediately involved administrator or supervisor. If not filed with building administrator, the building administration must be notified. A copy thereof shall also be delivered by the teacher to the Superintendent. Grievance report forms have been jointly developed by the Board and the Association and copies are available from the Association representative at each building.
b. The “statement of grievance” shall name the grievant involved, shall state the facts giving rise to the grievance, shall identify by appropriate reference the provisions of this agreement alleged to have been violated, shall state the contention of the employee with respect to the provisions, and shall include a description of the remedy sought.

c. Within ten (10) days after receiving the statement of grievance, the administrator or supervisor shall communicate his or her answer in writing to the grievant, with a copy to the Superintendent.

d. The grievant shall also provide a copy to the JCEA President.

3. **Level Three**
   a. If the grievance is not resolved at Level Two within eight (8) days, the grievant may submit to the Superintendent the original grievance form signed by the grievant, and a request for continuing the grievance procedure. No changes or modifications of the original grievance report form will be permitted.

b. The Superintendent or his or her designated representative shall give an answer in writing no later than ten (10) days after receipt of the written grievance.

4. **Level Four**
   a. Within ten (10) days after the delivery of the decision of the Superintendent to the grievant, an appeal of such decision may be made to the Internal Arbitration Panel. The appeal shall be made by submitting, in writing, the grievance report form submitted at Level One, and Two and the request for appeal form to the Superintendent to transmit to the Board of Education President and the Association President.

b. Within ten (10) days after receipt of the appeal request, the Internal Arbitration Panel will hold a closed hearing on the grievance.

c. Within ten (10) days after the hearing, the Internal Arbitration Panel shall render its advisory decision. A decision of the Internal Arbitration Panel requires approval by at least five (5)-voting members of the Panel. The Panel will render its report in writing to the grievant, the administrator/supervisor, the Association President and the Superintendent, giving reasons for the decision.

5. **Level Five**
   a. Within ten (10) days of the Internal Arbitration Panel report, the grievant may request a hearing with the Board of Education.

b. If the appeal is received by the Superintendent on behalf of the Board of Education at least ten (10) days prior to its next regularly scheduled meeting, the Board of Education shall hear the appeal at its next regularly scheduled meeting. If filed less than ten (10) days prior to the next regularly scheduled meeting, the Board of Education will hear the appeal at its subsequent regularly scheduled meeting, unless the president shall call a prior special meeting of the Board for this purpose. An appeal hearing before the Board of Education will be in executive session between the individual teacher or teachers and the Board of Education. The Board of Education shall consider the teacher’s complaint, the written decision of the principal or immediate supervisor and the Superintendent and any relevant evidence or oral arguments that either party desires to present, as well as the advisory decision of the Internal Arbitration Panel. The parties will then be excused, including the Superintendent when the Board considers the matter, unless all of the parties are recalled to elicit additional information. The grievant, however, may not present any allegation or complaint that was not presented in the preceding steps. Neither party shall withhold information, which is pertinent to the grievance. Proposed motions for Board action shall not be submitted to the Board by the administration unless they are submitted in the alternative.

c. Within ten (10) days after the hearing, the Board shall communicate its decision in writing to the grievant, giving the reasons for the decision.

d. The decision of the Board shall be final
ARTICLE V – LEAVES

A. Annual General Leave

1. Teachers in 1st through 6th year are granted general leave in the amount of ten (10) days per year by the district. Teachers in their 7th through 14th year are granted general leave in the amount of eleven (11) days per year by the district. Teachers in their 15th through 21st year are granted general leave in the amount of twelve (12) days per year by the district. Teachers in their 22nd year and beyond are granted thirteen (13) days per year by the district. A teacher serving his/her first year in the district and who resigns prior to the close of the year shall be granted this leave equal to one (1) day for each 19.2 days worked not to exceed ten (10) total leave days. Any absence charged to this leave in excess of that permitted thereunder shall be deducted from the final salary payment to be received by the teacher. A teacher resigning effective prior to the close of the contract year shall not be entitled to payment for unused general leave. Except in the case of personal illness or illness of an immediate family member, general leave may not be used by any teacher for days following the last day the teacher is actually present for work in the district assignment. Unused general leave is not intended to be used as a severance benefit for the employee whose resignation is accepted before the end of the contract year.

2. General leave benefits may be used for personal illness or injury of the employee. This leave shall also apply in cases related to maternity and adoption. It is also available in the case of illness, injury or death of the employee’s immediate family. (Immediate family means husband, wife, parents, stepparents, children, grandparents, grandparents of spouse, grandchildren, brother, sister, parent-in-law, brother-in-law, or sister-in-law; other more remote relatives may be included if approved in advance by the Superintendent). An employee may also use general leave to attend funerals of either family or friends. Reasonable notice for general leave shall be given to the principal or immediate supervisor prior to taking the leave in every case where it is possible to do so.

3. A teacher who is absent and using this leave may be required to submit documentation verifying the reason for the absence in the event of suspected abuse.

4. Within the limits described below, teachers may use annual general leave days for personal business, which of necessity falls within the school day, without deduction from pay. Permission for personal business leave must be obtained from the principal or immediate supervisor prior to taking the leave. However, the reason for the leave request need not be given. In the event that it is not possible to obtain a substitute teacher, or if the requested leave date is in conflict with the building or a district event which requires teacher attendance, the building principal and the teacher shall arrange to reschedule the leave. Disagreement between the principal and the teacher may be appealed to the Superintendent. Use of personal business leave is discouraged during the first ten (10) teacher contract days, the last five (5) teacher contract days and days immediately before and after periods of non-student attendance.

5. If substitutes are available at the time administrative approval is granted, teachers may schedule two secured personal business days, which may not be cancelled except under unforeseeable emergency conditions.

6. Teachers receiving notice to serve on jury duty or who are required to appear in court as a result of subpoena must promptly notify their principal or immediate supervisor. General leave and pay will not be deducted for such time as they are actually required to serve or appear in court.
7. Teachers who are injured on the job as a result of an incident involving student safety or physical assault by a student and are absent from work shall receive additional paid leave as follows:

   (a) if the absence is nine (9) days or less, the teacher shall receive additional paid leave for each day of absence, since no workman’s compensation would be payable.

   (b) if the absence is for ten (10) but less than fifteen (15) days, the teacher shall receive up to five (5) additional days of paid leave since workman’s compensation would not pay for five (5) days.

   (c) if the absence is for fifteen (15) days or more, the teacher shall not receive any additional days of paid leave since workman’s compensation would pay for all days.

B. Professional Leave
1. Teachers working on an advanced degree will be granted two (2) total professional days which may be used for observations aligned to their program of study, oral / written comprehensive exams, or to attend their graduation.

2. Teachers may use up to three days of professional leave to finalize paperwork for National Board Certification or for renewal of National Board Certification.

C. Supplemental Leave:
1. In the event a teacher has exhausted the available annual general leave days, the supplemental annual leave shall be available with no deduction in pay and may be used for any of the reasons listed in paragraph A.2. Teachers in 1st through 6th years in the district receive four (4) supplemental days. Teachers in the 7th through 14th years in the district receive (3) supplemental days. Teachers in the 15th through 21st years in the district receive (2) supplemental days. Teachers in the 22nd and above years in the district receive (2) supplemental days. Supplemental annual leave days do not accumulate, nor are useable as credit toward early retirement benefits, nor are they reimbursable under the provisions of E. of this Article. Teachers with 15 years or more in the district will have one supplemental day credited towards either early retirement or retirement at the end of the year.

2. The supplemental days may be used for annual general leave only with approval of the principal and the superintendent.

3. A catastrophic leave bank of a cost not to exceed $38,500 will be administered by the catastrophic leave bank committee as days in excess of those for which payment has been received outlined in the Catastrophic Leave Bank guidelines.

D. Change in Status:
1. Accumulated days of leave earned while a full time teacher shall entitle the teacher to a proportionately increased number of partial days of leave upon a change in status to a part-time teacher. Similarly, accumulated part-time days of leave earned while a part-time teacher shall only entitle the teacher to a proportionately reduced number of full days of leave upon a change in status to a full-time teacher.

E. Accumulation of Leave and Reimbursement:
1. Any unused general leave will be credited to the teacher’s useable accumulated leave up to a maximum of fifty (50) days. Additional unused accumulated leave days beyond the maximum of fifty (50) days but not to exceed one hundred eighty (180) days, shall apply toward early retirement benefits as described in Section G. of this Article, or if useable accumulated leave has been exhausted, these days may be used to replenish useable accumulated leave up to a maximum of 10 annually. Written notification to the Superintendent is required.

2. Useable accumulated leave without a deduction in pay is available only for personal illness, death of a member of the immediate family, or illness of a member of the immediate family when a statement from a licensed/certified health care provider indicates the circumstances require the teacher’s presence. Except for personal business leave, useable accumulated leave may be used for any of the other purposes
described in A.2. above, but such use will result in a deduction in the teacher’s pay equal to the cost of the substitute. Use of personal business leave in excess of available annual general leave or unless as approved in Section C. will not be granted and any such absences will result in a deduction in the teacher’s pay equal to the full salary for the period of absence.

F. Early Retirement Benefits:

1. General leave may accumulate to a maximum of one hundred eighty (180) days only for the purpose of calculating the early retirement annual benefit. Accumulation in excess of fifty (50) days is not available as paid leave, except on a limited basis as described in A.2 of this article, but is used to determine a teacher’s eligibility for early retirement and to calculate the annual benefit.

2. To qualify for early retirement benefits from the district, all of the following conditions must be met:
   a) A minimum of 15 years continuous full-time district employment.
   b) At least 60 days of accumulated leave (total of both useable and unusable)
   c) A completed application for early retirement has been received by the Superintendent by May 10th
   d) Eligibility ends when the retiree reaches Medicare Eligibility age
   e) No payment under this program shall be made prior to retirement under the provisions of the Kansas Public Employees Retirement system

3. Early retirement benefits shall be payable for a maximum of five (5) years and shall terminate upon the death of the early retiree or when the retiree reaches Medicare Eligibility age (whichever occurs first). The annual benefit shall be calculated as follows:
   a) If the total accumulated leave days are in the range 61-100, then the Board will continue to contribute the amount currently paid to certified/licensed employees per month toward the health insurance premium for employees who chose to remain in the districts’ health insurance group plus $25 per day for each day of leave above 60.
   b) For each additional day of total accumulated leave in the range for 101-150 the retiring employee’s annual benefit will increase to $50.
   c) For each additional day of total accumulated leave in the range from 151-180, the retiring employee’s annual benefit will increase to $75.

4. Requests for a waiver of any of the qualifications of early retirement benefits, including accumulated sick leave, 15 years of continuous full-time district employment, or an application for early retirement not received by May 10th will be considered by the Review Committee. The Review Committee will consist of three members: one (1) administrator appointed by the Superintendent and two (2) teachers who are JCEA members. The Review Committee will forward its recommendation(s) to the Superintendent who has the final discretion to waive requirements for Early Retirement Benefits. Committee members shall maintain confidentiality regarding any discussion of requests.

G. Retirement Benefits:

1. General leave may accumulate to a maximum of one hundred eighty (180) days only for the purpose of calculating the retirement benefit. Accumulation in excess of fifty (50) days is not available as paid leave but is used to determine a teacher’s eligibility for the retirement benefit.

2. To qualify for retirement benefits from the district, all of the following conditions must be met:
   a) A minimum of 15 years continuous full-time district employment.
   b) At least 60 days of accumulated leave (total of both useable and unusable)
   c) A completed application for retirement has been received by the Superintendent by May 10th
   d) No payment under this program shall be made prior to retirement under the provisions of the Kansas Public Employees Retirement system
3. Retirement benefits shall be a onetime payment made with the retiree’s final district check. This payment is taxable. The annual benefit shall be calculated as follows:

   a) **If the total accumulated leave days are in the range 61-100,** then the Board will contribute $25 per day for each day of leave above 60.

   b) **For each additional day of total accumulated leave in the range for 101-150 the retiring employee’s annual benefit will increase to $50.**

   c) **For each additional day of total accumulated leave in the range from 151-180, the retiring employee’s annual benefit will increase to $75.**

4. Requests for a waiver of the 15 years of continuous full-time district employment or an application not received by May 10th will be considered by the Review Committee. The Review Committee will consist of three members: one (1) administrator appointed by the Superintendent and two (2) teachers who are JCEA members. The Review Committee will forward its recommendation(s) to the Superintendent who has the final discretion to waive requirements for Early Retirement Benefits. Committee members shall maintain confidentiality regarding any discussion of requests.

**F. Study Leave:**

1. A teacher may, upon written application, be granted a leave of absence without pay or fringe benefits for pursuing studies related to professional growth and improvement.

2. Such leave of absence may be granted at the will of the Board upon the recommendation of the Superintendent.

3. A teacher may participate in the school group health insurance plan through COBRA.

4. When the employee returns from the leave of absence he/she shall retain the following re-employment rights held by him/her before such leave was granted.

   a. The salary increment to which he/she was entitled when he/she left his/her position plus the amount his/her additional hours and other qualifications would justify on the salary schedule at the time of his/her return.

   b. Unused leave days and other leave benefits as held by said teacher at the start of the leave.

5. Re-employment during the school year shall be at the sole discretion of the Board and re-employment for the beginning of a new school year shall be dependent upon an opening on the staff for which the employee is qualified. The above provisions shall be applicable only where the teacher returns to the district directly upon completion of the studies for which the leave of absence was taken and without having accepted any intervening employment from another school district.
ARTICLE VI – ASSOCIATION RIGHTS

The following privileges will be granted to the Association by the Board of Education.

A. **Dues Deduction**: The Board will provide dues deduction from the payroll for Association membership where authorized by the member. (Deductions shall be for ten equal amounts beginning in September). After an employee initially authorizes a payroll deduction of his/her dues, such authorization shall remain in effect until such time as payroll is notified in writing by the Association to discontinue the deduction, which notification shall state that the employee has advised the Association of the change being made. The authorization to withhold dues shall contain the agreement of the employee to indemnify and hold the district harmless from all loss, cost or expense as a result of any such withholding. The Association similarly agrees to indemnify and hold the District harmless.

B. **Access to Buildings and Equipment**: School buildings and equipment may be used by the Association when not being used for school purposes and when teachers are not assigned to perform school duties. Permission and schedule for usage of buildings and equipment will be obtained from the principal.

C. **Communications**: The Association may use the school mailboxes and district e-mail for communication to teachers. Bulletin boards in the teacher’s lounges may be used by the Association.

D. **Association Leave**: The Board shall provide up to thirty-five (35) days to be used by officers or agents of the Association for activities of the Association.

ARTICLE VII – FRINGE BENEFITS

A. **Fringe Benefit Plan**: The Board shall provide for fringe benefits through a flexible benefit plan under and in compliance with the provisions of Section 125 of the Internal Revenue Code, related statutory provisions and applicable regulations. Any administrative costs for individual offerings within the Section 125 plan will be the responsibility of the employee choosing that option. For each teacher electing to participate in the group health insurance plan, the Board will also provide a contribution of $330.75 toward the single option coverage, OR a contribution of $433.75 per insurance contract toward a family option coverage, OR a contribution of $705.50 per family insurance contract when two teachers covered by one health insurance contract are eligible for a contribution. Under no condition will the Board’s contribution toward a single or family option exceed the cost of the premium for the lowest option for that respective coverage.

B. **Salary Reduction & Elective Option**: The Board shall provide each teacher with the opportunity to execute a salary reduction agreement. Contributions under the salary reduction agreement shall be designated by the teacher for the purchase of a benefit or benefits from the following approved plans:

- Group Term Life Insurance up to $50,000
- Group Health Insurance
- Disability Income Insurance
- Cancer and Other Dread Diseases Insurance
- Dependent Care
- Medical Reimbursement
- Such other lawful components or options as may be approved by the Board from time to time.
C. **Salary Reduction & Benefit Election Form**
Teachers wishing to participate in the Section 125 cafeteria plan shall complete a “salary reduction agreement and benefit election form” approved by the Board of Education and submit it to the required office on or before the date at the commencement of each school year designated by the Superintendent. The salary reduction agreement and benefit election forms shall be provided by the Board but it shall be solely the teachers’ responsibility to complete the form and submit it to the office designated by the Superintendent on or before the prescribed date. Each teacher agrees to hold the District harmless from any failure on his or her part to submit the necessary form in a timely fashion. Once made, a salary reduction agreement and benefit election shall be irrevocable (except as specifically permitted by the Internal Revenue Code and regulations) for that particular contract year.

D. **Administration:** It is agreed that the teacher shall comply with all applicable directives of the Internal Revenue Service or other federal or state regulations, as amended, in administering and maintaining the Section 125 cafeteria plan. The Board reserves the right to draft and implement all necessary documentation in regard to the Section 125 cafeteria plan in compliance with applicable rules and regulations of federal and state law and further reserves the right to modify or terminate the plan if it is found to be unlawful under any applicable law or regulation, or to modify or terminate this plan subsequent to the expiration of this agreement as and to the extent permitted by the Internal Revenue Code or the Plan.

E. **Withholding:** The Board may withhold such amounts of a teacher’s compensation hereunder as may be necessary in the opinion of the Board to comply with state and federal laws including social security and retirement.

F. **Selection of Carriers:** The selection of the carrier or carriers for each of the offered benefits shall be made by the Board.

G. **Insurance Refunds/Rebates:** Any insurance refunds shall first be used to reduce the cost of future insurance premiums. If, for any reason, the district receives a cash refund for group health insurance, the amount of refund shall be distributed to the participating employees (including employees not subject to this agreement) and the board in proportion to the contribution of each. Any payroll deduction or salary reduction amount shall be considered employee contribution. Any amount paid as a defined benefit shall be board contribution. The employees entitled to a distribution shall be those employees participating in the district plan in the year the refund is actually received by the district.

B. Placement and Movement on the Salary Schedule

1. The Superintendent with the approval of the Board will determine initial placement.
2. Those with an RN classification will be placed on the BS schedule and those with a BSN will be placed on the MS schedule.
3. Placement on the SLP, School Psych, PT salary schedule will reflect education and experience, although steps do not reflect actual years of experience.
4. Not later than April 1 of the school year preceding the anticipated move, teaching staff shall notify the Executive Director of Human Resources of their intent to move horizontally on the salary schedule. A form will be provided by the Executive Director of Human Resources for intent to move horizontally. Any teacher who fails to so notify the Executive Director of Human Resources shall be ineligible to move horizontally during the next contract year.
5. For the Bachelor’s schedule plus classifications, additional hours of 15 or 30, may be earned in any field, either graduate or undergraduate, but must be earned after date of eligibility for a teaching certificate. The hours for nurses may be earned in any field, either graduate or undergraduate, that applies towards re-licensure, as a nurse, or towards their employment in the school environment. However, any credits for nurses must be approved by the Superintendent.
6. For the MS +15 hour’s classification, credit must be earned after the date of the Master’s Degree and must be specifically approved by the Superintendent.
7. For the MS+ 30 or Doctorate (PhD/EdD) classification, credits must be earned after the date of the highest earned degree and must be specifically approved by the Superintendent.
8. Horizontal salary tier classification adjustments will be made in September of each year, with the horizontal tier salary classification position for each teacher to be determined by the Personnel Office based upon the information that has been submitted to the office by September 1st. Horizontal tier salary classification advancements will be based upon the following, to-wit: (1) official transcripts of college hours from the college or university issuing the college hours; or (2) state approved professional development hours/plan, with the stipulation that if college hours are a component of the professional development plan/hours, then an official transcript from the college or university issuing the college hours must be submitted to the personnel office by September 1 of each year.
9. Subject to the provisions of paragraph one above, as a general rule teachers newly employed in Geary County Unified Schools will be placed on the salary schedule up to and including the fourteenth year, based on out-of-district service for the fourteenth school years preceding the year of employment but taking into account the compression of the salary schedule.
10. Credits for movement on the salary schedule shall include both college and state approved professional development hours earned while employed by Geary County Unified Schools. Only those professional development activities completed no later than July 31 and for which validations/evaluation forms are received in the office of the Executive Director of Human Resources at the Devin Center no later than July 31 may be applied to the movement on the salary schedule for the coming school year. In the case of nurses and Speech Language Pathologists, CEU credits and professional development hours must be approved by the superintendent.
11. The Board grants a stipend to those who have been professionally employed twenty years in Geary County Unified Schools. The stipend will be $1,000 for twenty years of service in USD 475 and will be increased proportionately per year up to $2,000 for thirty years of service in Geary County Unified Schools. The stipend will be paid one time – upon retirement of the employee from employment in USD 475 and will be subject to all state and federal taxes.

ARTICLE IX – TEACHER APPRAISAL

A. Assumptions and Rationale Underlying the KEEP2 Appraisal Process
1. Teacher appraisal in the Geary County Unified Schools is based on the assumptions that appraisal
   a. fosters continuous cooperation
   b. facilitates the professional growth of the individual
   c. improves the quality of instruction and learning

B. Purposes of the Teacher Appraisal Process
   Summary
   1. The educator evaluation process comprises two major categories:
      • formative evaluation, which gathers specific information about an individual educator’s strengths and weaknesses to be used for improving individual performance
      • summative evaluation, which collects information about an educator’s overall performance relevant to administrative decisions such as retention, promotion, or non-renewal.
   2. The key components of the evaluation process include student achievement, teacher goal, professional responsibilities, observation, and assigned duties. A growing body of evidence indicates that the individual having primary responsibility for carrying out a given assignment must be significantly involved in the evaluation process in order to achieve improved performance.
   3. It must also be emphasized that at some point in the appraisal process, administrative decisions the summative evaluation will utilize information gathered in the formative stage.

Objectives:
Specific objectives for educator appraisal as adopted by the Geary County Unified School Board of Education include:
   • to improve the classroom instruction of educators and thus provide optimal educational opportunities for students of Geary County Unified School District #475
   • to communicate to each educator the expectations of the administration
   • to improve each educator’s understanding of the duties, responsibilities, and performance expectations of his/her position

2. Pre-Appraisal Training
   Training for administrators and educators precedes initiation of the appraisal process. This training includes but is not limited to
   • Defining effective teaching using multiple measures
   • Describing effective teaching
   • Observing to obtain desired evidence of quality teaching
   • Writing a SMART (Specific, Measurable, Attainable, Reasonable, and Timely) goal. (A measurable goal states clearly the evidence required for documentation of progress. Professional Development Plan (PDP) goals, evaluation goals, and applicable licensure goals should closely relate.)
   • Choosing and collecting evidence of student growth
   • Gaining understanding of timelines for the appraisal process

   The administrator will meet with both probationary and non-probationary educators to be evaluated during the year to discuss requirements for an appraisal no later than the end of August.
3. **Probationary Educators**

Probationary educators meet one of the following criteria:

- New to the profession and in their first through third years in the district
- From out-of-state and in their first through third years in the district
- Non-probationary from another Kansas school district and in their first and second years in the district

**Annual Requirements:**

1. Individual preliminary conference held prior to the 60th class day between administrator and educator to determine measurable goals. The administrator will guide and approve goals in relation to the KEEP2 rubric, building and district goals. *Goals for Professional Development Plans must also be approved by the administrator according to state regulations.

2. Formal appraisals that include: student growth educator goal, professional responsibilities, classroom observations related to the goals, and assigned duties.

3. Required participation in the District’s three-year induction program.

4. The educator is responsible to produce and maintain evidence which is required to document completion of all multiple measures. This evidence must be presented/uploaded to their administrator during the formative follow-up meetings for monitoring and input. Examples of evidence for all measures can be found under sections IV-VII in the KEEP2 training manual.

4. **Non-Probationary Educators**

Educators who have successfully completed the probationary process requirements in the district.

**Requirements**

1. Certified staff and administrators will meet annually by October 15 to establish and/or maintain measurable goals and agreed upon evidence. Other more frequent meetings may occur if requested by the administrator or staff member.

2. The staff member will share collected data, evidence and progress with the administrator in a follow-up conference determined by the administrator. All data or documentation over the three-year cycle will be considered in the KEEP2 process. Goals and activities support the individual’s Professional Development Plan and School Improvement Goals.

3. Formal appraisals that include: student growth, educator goal, professional responsibilities, classroom observations related to the goals, and assigned duties.

4. The educator is responsible to produce and maintain evidence which is required to document completion of all multiple measures. This evidence must be presented/uploaded to their immediate supervisor and/or building administrator during the formative follow-up meetings for monitoring and input. Examples of evidence for all measures can be found under sections IV-VII in the KEEP2 Training Manual.

5. **Assistance Plans for Non-Probationary Teachers**

   a. **Criteria.** Administrator may decide to place non-probationary teachers on assistance plans after conferring with the Executive Director of Human Resources Services. These decisions must be supported by evidence. All teachers on assistance plans will be notified in writing.

   b. **Method.** The Plan of Assistance states areas of deficiency and addresses them with measurable goals administratively directed and documented. It suggests a specific and reasonable program for assistance. The administrator determines frequency of meetings to examine and discuss progress on goals. If the administrator conducts observations, meetings will follow.

   c. Once determined necessary, the Plan of Assistance will start immediately and continue for a minimum of three full semesters, one full semester for each phase:

   1. Phase I will consist of developing a Plan of Assistance, frequent observations, and follow-up meetings to determine progress and needs for support. At the end of the semester, the teacher and administrator will meet to determine whether the teacher has improved sufficiently to require less support and monitoring. If the teacher has shown adequate improvement, he/she will move to Phase II. If the teacher has not shown improvement, notice of termination may occur.
2. Phase II consists of a reduced level of support by the administrator after the teacher has made adequate progress in Phase I. Its purpose is to establish whether the teacher is able to maintain performance. After the teacher successfully completes Phase II, he/she will proceed to Phase III. If the teacher is unable to make adequate progress, he/she returns to Phase I after the first full semester.

3. Phase III consists of the teacher continuing to work on areas of need without support. The administrator may do a formal observation to verify progress and adequate performance. If the teacher is successful during this phase, he/she is released from the Plan of Assistance at the end of the semester. The teacher will be notified of this decision in writing. If the teacher does not reach an adequate level of performance, he/she is returned to Phase I or Phase II, based on the review.

6. **General Provisions.** The administrator will choose evidence of progress based on needed areas of improvement. Evidence must indicate that goals have been met, or the administrator may recommend to the superintendent that the teacher’s contract not be renewed. Either placement of any teacher on a Plan of Assistance multiple times or failure to make progress on a given plan could be cause for non-renewal.

   a. Assessment results alone will not be the basis for placement on an assistance plan.

   b. Administrator and teacher will work together to develop a support system, which may include mentor teachers, co-workers, or other district personnel. When teachers assist one another in a voluntary observation experience, this peer assistance process shall not be used in conjunction with formal or required teacher appraisal. Confidentiality is essential in this process.

---

**D. Program for Professional Development**

1. A key component of teacher appraisal is the teacher’s participation in the district’s ongoing Professional Development Program. The Professional Development Program will support the educational goals of the building and the district.

**E. Responsibility for Teacher Appraisal**

1. The principal of each school is responsible for the appraisal of professional staff members assigned to his/her building. In carrying out this responsibility, principals may involve assistant principals or designated administrators. It must be stressed, however, that the building principal is ultimately responsible for the teacher appraisal of all his/her teachers and must therefore retain a high degree of involvement which will allow him/her to make an intelligent judgment in each case.

2. In some cases, a teacher’s appraisal will be the responsibility of an appropriate administrator rather than a building principal. All the principles and procedures which apply to building-level teacher appraisal apply also to a teacher appraisal conducted by one of these designated persons.

**F. Professional Performance goals**

1. The basic purpose of setting goals is to improve some aspects of the teacher’s performance or area of responsibility and therefore contribute to the implementation of the School Improvement Plan.

2. Goals should be SMART (Specific, Measurable, Attainable, Reasonable, and Timely). A measurable goal states clearly the evidence required for documentation of progress. Professional Development Plan goals, evaluation goals, and applicable licensure goals should closely relate.

**G. Appeals Process**

1. If the teacher thinks the appraisal is unfair, inaccurate, or incomplete, the teacher shall attempt to resolve the matter with the administrator who made the appraisal. If the matter is not resolved, the teacher shall have the right to appeal the matter to the Executive Director of Human Resources Services. The teacher is afforded all the protections of K.S.A. 72-9005.

**H.** KEEP2 will continue in the 2016-2017 school year. Summative evaluations will occur according to previously established cycles. This appraisal system will be continually monitored for reinterpretations as needed.
ARTICLE X – Teacher Discipline

A. It is agreed that informal disciplinary actions are the first steps taken in constructive discipline, and are to be taken by administrators in situations of a minor nature involving the teacher’s conduct or job performance. Disciplinary actions will be administered in a fair and equitable manner, and, where practical, in a private manner.

B. The information regarding proposed and implemented discipline of teachers shall be considered confidential, privileged information, only to be released to administrators who work with the teacher, the superintendent, and, if appropriate, to the Board of Education. The teacher may release information regarding the discipline to any appropriate party.

C. Discipline of a teacher will be sequential in severity, except in those situations that constitute a breach of board policy that could impair the effective operation of the school, or a potential criminal violation. The sequence of discipline shall be as follows:

1. Oral reprimand transmitted directly to the teacher, acknowledged by the teacher, and recorded in the building personnel file only as the existence of the reprimand, without extensive detail.

2. Once the administrator determines that a written reprimand is necessary, a face to face meeting with the teacher shall occur within 3 business days unless there are extenuating circumstances. It shall contain sufficient details of the incident to allow understanding by the teacher who shall submit a written response to the allegations within 3 business days unless there are extenuating circumstances. The response shall be attached to the reprimand, and both will remain in the teacher’s building personnel file. There shall be no further appeal of the reprimand. A series of oral reprimands can be grouped together under unprofessional behavior.

3. In the event of the failure of a teacher to correct the behavior identified in the written reprimand, the teacher may be placed on a written behavior plan and a timeline for meeting those expectations. The written behavior plan shall provide an opportunity for the teacher to object in writing to elements of the plan within 3 business days unless there are extenuating circumstances. Any objections shall be resolved by the Superintendent, or Associate Superintendent within 5 business days unless there are extenuating circumstances.

4. If the teacher does not satisfactorily meet the goals of the behavior plan, or if the teacher’s behavior becomes insubordinate, the immediate supervisor shall notify the Executive Director of Human Resources. The Superintendent shall have the authority to suspend the teacher with pay, pending further review. With permission of the teacher, notification will be sent to the JCEA President.

5. Any reprimand or written behavior plan that is resolved may not be referenced after 13 calendar months and shall be purged at the end of that school year.

6. If the teacher does not correct the issues identified as the basis for the suspension with pay, or if the behavior is serious enough to warrant termination of employment, the Superintendent will notify the teacher of the intent to recommend suspension without pay to the Board of Education. All protection pursuant to Article XIV of this agreement will be followed.

7. The teacher is entitled to be represented in any disciplinary proceeding under this provision.

   2. The normal teaching load in the middle schools shall be five (5) class periods per day.

B. Overload Assignments
   1. When a teacher accepts an additional daily class period on a regular basis beyond the normal

   2. Teachers shall be compensated as follows for an overload assignment.
      High School – an additional one-sixth of salary schedule amount

   3. Any Elementary teacher who believes the makeup of classroom students is detrimental to the
      wellbeing of the classroom may request an overload review and should refer to the Memorandum
      of Understanding.

C. Alternative Scheduling: Alternative schedules based on student needs may be implemented by the principal
   as long as the normal teacher workload is not changed. Openings based on alternative schedules will be
   posted. Selection of personnel for alternative schedules will be made by the principal after consulting with
   the appropriate building faculty. Any alternative schedule established and assigned on less than 45 calendar

   Human Resources will make final determination regarding the compensation.
ARTICLE XIII – REDUCTION IN FORCE

A. Reduction in Force
If, at any time, in the judgment of the Board of Education, a reduction in staff is necessary, the following procedures will be used.

1. To the extent the Board considers practical, the reduction will be accomplished through attrition.

2. If the Board determines that the required reduction cannot be accomplished entirely through attrition, the Board shall give written notice to the Association of its intention to implement a reduction in force.

3. The Board retains the sole discretion and authority to determine the number of teaching positions to be reduced and the specific employees to be laid off. In making these decisions the board shall consider tenure, certification, seniority, previous experience, effectiveness as a teacher, student success, complaints of parents, levels of minority teachers, and any and all other factors deemed by the Board to be relevant to maintaining the best qualified and effective faculty for the school district. For the purpose of determining “seniority” in the application of the above sentence, a teacher’s seniority shall be determined as follows:

   a. Each teacher shall be credited with one (1) point for each year of service in Geary County USD 475.
   b. Each teacher shall be credited with one (1) additional point for each column on the salary schedule.
   c. Each teacher shall be credited with one (1) additional point for each tier on the salary schedule.
   d. The total of points for each teacher shall determine each teacher’s seniority rank. The district shall make the initial determination of the teacher or teachers best qualified for each position to be retained and if it is determined that more than one teacher is equally qualified, the district will calculate the seniority rank of the teachers as set forth above and the teacher with the higher rank will be retained.

4. Personnel to be laid off shall be provided written notice of termination by the third (3rd) Friday in May.

B. Recall Procedure
If the Board of Education has declared a reduction in staff is necessary and has given written notice to the Association as required under A.2. above, the following procedures will apply:

1. As teachers are selected for layoffs, their names will be placed on a list in the order of their selection. When the list is complete, a copy of the list shall be dated and given to the Association. If necessary, additional lists may be completed, dated and a copy furnished to the Association.

2. After implementing such a reduction procedure, each list of names of teachers laid off because of such reduction in staff shall be maintained for two years from its date. Any teacher who has been so laid off shall no longer be considered an employee and shall have no employee rights or benefits other than those required by law, except that such teacher shall retain the right to file a grievance pursuant to Article IV in connection with any alleged violation of his or her recall rights under this Article. It shall be the responsibility of laid off teachers to keep the Assistant Superintendent in charge of Personnel informed of their current address and any changes in teaching qualifications and certification.

3. If a vacancy occurs within the two year period specified in paragraph 2 above for which any teacher named on the list is certified/licensed and is considered by the district to be the best qualified, and the position cannot be filled from teachers then currently on the teaching staff, the position shall be offered to the best qualified teacher on the lists for the position to be filled. The determination of whether teachers are similarly qualified shall be made by the district and shall be binding upon all concerned. In the event more than one teacher is considered similarly qualified, the position will be offered to the teacher with the highest seniority rank. The normal employment factors, as set forth in paragraph A.3.
above will be utilized by the district to determine the teacher that is best qualified to fill the position, and this determination shall be binding on all concerned. A vacancy shall not be deemed to exist for purposes of this paragraph if the position may be filled by a non-probationary teacher currently on the teaching staff. Similarly, the district shall not be obligated to offer any teacher a position of greater full time equivalency than that teacher had when he or she was laid off.

4. Any teacher reemployed by recall shall be given salary, related benefits, and the experience level to which he or she was entitled when laid off. No teacher shall lose reemployment rights by securing other employment during the layoff. Time during the layoff period shall not be counted, except that appropriate credit on the salary schedule may be given for teaching experience in a KSDE accredited school as if continuously employed with USD 475.

5. If any teacher named on the list waives recall rights in writing, fails to accept recall to a position for which the teacher is qualified, fails to respond within six (6) calendar days of a recall notice sent to the latest address which the teacher has furnished, or fails to report for duty and accept the position, the name of such teacher shall be removed from the list and such teacher shall have no further recall rights.

ARTICLE XIV – RESIGNATIONS

A. Early Resignation
   1. Teachers are encouraged to notify the board as soon as possible of their intention to resign or retire.
   2. Teachers who submit to the Human Resources Department a resignation effective the end of the 2016-17 contract year between August 8, 2016 and January 27, 2017 shall receive an incentive payment of $500.00.

   2. Resignations received between 31st day (June 19, 2017) and the 54th day (July 11, 2017) following the 3rd Friday in May will be approved by the Board of Education after payment of a $1,500 liquidated damage assessment.
   3. Resignations received between the 55th day (July 12, 2017) after the 3rd Friday in May and the staff member’s individual reporting day will be approved by the Board of Education after payment of a $2,500 liquidated damage assessment and when a suitable replacement has been found.
   4. Resignations after the staff member’s individual reporting day will be approved by the Board of Education after payment of a $3,000 liquidated damage assessment and when a suitable replacement has been found.
D. Waiver

1. Liquidated damages will be waived when the Executive Director of Human Resources Services determines the professional educator is compelled to resign for medical/family emergencies or in the event of a compulsory transfer of the professional educator’s spouse. Verification of such reasons may be required.

2. The Superintendent or designee may waive terms of resignation on a case by case basis.

Any party desiring to use this alternative procedure shall so notify the other party in the notice required under subsection (a). If the parties agree to use this procedure, the parties shall make a joint request to the American Arbitration Association for a hearing officer within 10 days after the teacher files a request for a hearing. When testimony is presented by affidavit the same shall be served upon the clerk of the board of education or the agent of the board and upon the teacher in person or by first-class mail to the address of the teacher which is on file with the board not less than 10 calendar days prior to presentation to the hearing officer;

All relevant evidence shall be admissible, except that the hearing officer, in the hearing officer’s discretion, may exclude any evidence if the hearing officer believes that the probative
value of such evidence is substantially outweighed by the fact that its admission will necessitate undue consumption of time.

7. **Opinion of Hearing Officer**
   
a. Unless otherwise agreed to by both the board and the teacher, the hearing officer shall render a written opinion not later than 30 days after the close of the hearing, setting forth the hearing officer’s findings of fact and determination of the issues. Such notice shall specify the nature of the activity protected, and the times, dates and places of such activity.

2. The hearing officer provided for Section A.2. shall thereupon be selected and shall decide if there is substantial evidence to support the teacher’s claim that the teacher’s exercise of a constitutionally-protected right was the reason for the non-renewal.

3. If the hearing officer determines that there is no substantial evidence to substantiate the teacher’s claim of a violation of a constitutionally protected right, the board’s decision to not renew the contract shall stand.

4. If the hearing officer determines that there is substantial evidence to support the teacher’s claim the board shall be required to submit to the hearing officer any reasons which may have been involved in the non-renewal.

5. If the board presents any substantial evidence to support its reasons, the board’s decision not to renew the contract shall be upheld.

For purposes of this section, the term “teacher” shall be defined as any professional employee who is required to hold a certificate to teach in any school district, but not including any supervisors, principals or superintendents or any other persons employed under the authority of K.S.A. 72-8202b.
